No job is too large or small for our teams

'WE EMPLOY HYGIENISTS, NOT CLEANERS!'

TotalCare is a privately-owned limited company, which began in 2001. For over 14 years, the company has gone strength to strength. Its success is due to its ethos: to place its customer at the centre of all its decision-making.

The company found its roots at the bottom – its founder was a cleaner, who then progressed through various management positions to Director of a specialist cleaning chemical business. After this role, he went on to resurrect TotalCare (sole trader) and become a Director of this company. Once he had become an expert in his trade, learned to manage a team and, later, run a company, he revived the family business under the name TotalCare Hygiene Services Ltd.
